

# INNOVATOR

## Newsletter from Nettur Technical Training Foundation (NTTF)

Techno Education for Global Competence

NTTF continues to shine with remarkable achievements in 2024! From alumni reunions celebrating 25 years to students excelling at national and international competitions like WorldSkills 2024 and CCQC 2024, our trainees and teams have made us proud. Major milestones include the successful launch of the German Ausbildung Program, AWS Cloud Computing Program, and the inauguration of the GET Program at NEC.

We also celebrated convocation ceremonies, trainee placements, and innovative collaborations with industry partners like Redington Foundation. These accomplishments reflect NTTF's unwavering commitment to skill development and global excellence in technical education, empowering our students to thrive in their careers.

**Innovator** is our bi-monthly newsletter to keep you updated on our partnerships, programs and innovative pursuits in catalysing impactful action through education and training. Join us in our journey as we continue to reach the next milestones!

## Inside the Issue

Celebrating 25 Years  
of NTTF Alumni

Launch of German  
Ausbildung Program

WorldSkills  
Competition 2024

NTTF's Post Diploma  
in Tool Design
