

NTTF Internship Program for Engineering / Polytechnic Students

NTTF brings skill-based, placement-oriented internships directly to engineering college and Polytechnic campuses, offering hands-on training and real-world exposure that bridges the gap between academics and industry.

PROGRAM HIGHLIGHTS

Domains : Additive Manufacturing (3D Printing) / CNC Milling & Turning
IoT / Cyber Security / Data Science / AI & ML / Data Analytics / Cloud Computing / PLC / Industrial Automation / Mechatronics
Robotics / Embedded System / Electrical

Duration : 4/ 8/12/ 24 Weeks

Certification : Internship Completion Certificate (NTTF)

Batch Size : Minimum 20 for each domain

Industry Exposure : Real-time projects, skill training

Placement Support : For candidates completing 24 weeks internship

ADVANTAGES

- Designed to connect classroom concepts with real-world technical skills demanded by industries.
- Students learn through practical learning, guided by industry-trained instructors.
- Our MoU with VTU opens doors for valuable internship programs for students from VTU-affiliated colleges

 Internship Venues

Peenya | Vellore | Chennai | Dharwad |
Thanjavur | Gannavaram | Tellicherry.
